SURIYAPRAKASH

Full Stack Web Developer

ABOUT ME

Aspiring Full Stack Web Developer with a strong foundation in MERN Stack, JavaScript, and modern web technologies. Passionate about building responsive, scalable web applications with hands-on experience in Express.js, React.js, and MongoDB. Proficient in frontend technologies (HTML, CSS, JavaScript) and familiar with client-side and server-side rendering techniques. Skilled in coding across multiple programming languages and technologies, with an understanding of design patterns, Software Development Life Cycle (SDLC) processes, and application development methodologies. Eager to apply technical expertise in a dynamic and collaborative environment.

INTERNSHIP

Python Web Development Intern

Jul 2022 – Aug 2022

Unique Technologies

- Developed a Python-based web application, gaining practical experience in full-stack development.
- Designed and implemented an **E-Resume** project utilizing **HTML, CSS, Python, and database management**, strengthening expertise in **data connectivity** and backend integration.

PROJECTS

Generative AI Web App – JavaScript

2025 – AI Web App

- Built a generative AI app using JavaScript and OpenAI API to generate text, image and audio from user prompts. Integrated real-time API responses with a responsive frontend (React). Deployed the app on [Vercel/Netlify], optimizing performance and user experience.

Cyber Bullying Detection Based On Social Media 2024 – Final Year Project

- Built an ML model using NLP to detect cyberbullying in social media posts. Preprocessed text data and applied classification algorithms for accurate detection. Deployed with a simple web interface for real-time analysis.

E-Commerce Responsive MERN Application 2024 – E-Commerce project

- Developed a fully responsive e-commerce application using MongoDB, Express.js, React, and Node.js. Implemented product listings, user authentication, cart, and order management features. Integrated secure payment gateway and optimized frontend for performance across devices.

EDUCATION

- Bachelor of Technology in Information Technology** Sep 2021–Jul 2024
K.Ramakrishnan College of Engineering, Tichy, India | CGPA: **7.36**
- Diploma – Electronics Engineering** Jun 2018–Apr 2020
Sri Ramakrishna Polytechnic College | **84%**

CERTIFICATIONS & WORKSHOPS

- Certification in MERN Stack Development | J Spiders, Bengaluru, India
- Certification in Frontend Web Development | J Spiders, Bengaluru, India
- Workshop on Android Application Development

SKILLS

- Web Application Development
- Full Stack Development
- API Integration
- Debugging
- Web Security Best Practices
- Testing & Debugging
- Performance Optimization
- Problem-solving
- Teamwork & Collaboration
- Adaptability
- Attention to Detail

TECHNICAL SKILLS

- Frontend:**
HTML, CSS, JavaScript, React.js
- Backend:**
Node.js, Express.js
- Programming Languages:**
Python, JavaScript
- Tools & Technologies:**
Git, REST APIs, Postman, Visual Studio Code, MongoDB, MongoDB Compass, Docker, GCP Cloud, Kubernetes.

LANGUAGES

Tamil – native proficiency
English – professional proficiency
