ABOUT ME

Aspiring Full Stack Web Developer with a strong foundation in MERN Stack, JavaScript, and modern web technologies. Passionate about building responsive, scalable web applications with hands-on experience in Express.js, React.js, and MongoDB. Proficient in frontend technologies (HTML, CSS, JavaScript) and familiar with client-side and server-side rendering techniques. Skilled in coding across multiple programming languages and technologies, with an understanding of design patterns, Software Development Life Cycle (SDLC) processes, and application development methodologies. Eager to apply technical expertise in a dynamic and collaborative environment.

EDUCATION

B.Tech in Information Technology   May 2024
GPA: 7.4

SKILLS

Languages	Javascript, HTML, CSS, MongoDB
Frameworks	React, Redux, Node.js, Express
Tools	Git, Docker, Kubernetes,GCP,REST APIs, Postman, Visual Studio Code,MongoDBCompass
Soft Skills	Time Management, Teamwork, Communication, Problem Solving, Leadership, Accountability

PROJECTS

Cyber Bullying Detection Based On Social Media   [GitHub]

- Developed an innovative system to detect and classify instances of cyberbul lying on social media platforms.
- Implemented natural language processing (NLP) techniques to analyze user generated content.
- Designed an automatic blocking mechanism to restrict accounts identified as cyberbullies.
- Aimed to create a safer online environment through real-time monitoring and detection.

E-Commerce Responsive MERN Application   [GitHub]

- Built a basic e-commerce platform using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Enabled product browsing, cart management, and secure checkout.
- Implemented backend APIs for product management, user authentication, and order handling.
- Strengthened skills in full-stack development and frontend-backend integration.

INTERNSHIPS

- Web Development Intern – Unique Technologies.
- Mobile App Development Training – VEI Technologies.

CERTIFICATIONS

- Certification in MERN Stack Development — J Spiders, Bengaluru, India.
- Certification in Frontend Web Development — J Spiders, Bengaluru, India.
- Workshop Training in Galvin Technology – Industrial Automation.
